# 2024 Family and Consumer Sciences Trigg County Ham Festival Exhibit **Pork Recipes Contest Guidelines**

A copy of the recipe used is required. Bring in a sealed container.

## **Pork Recipe Categories**

HP 001	Appetizer
HP 002	Main Dish
HP 003	Casserole

## **Canning Contest Guidelines**

USDA Recommendations must be followed. Standard canning jars and lids must be used. All jars must have canning rings and lids. No rust will be allowed. Jars will not be opened at the contest. Place a label on the side of the jar with contents, but do not include exhibitor's name.

Headspace Guidelines from the National Center for Home Food Preservation:

Vegetables: Most vegetables require a one-inch headspace

Spaghetti Sauce: 1 inch

Tomatoes, Tomato Juice, Salsa: ½ inch

Tomato Sauce: ¼ inch

Tomato Ketchup, Tomato Relish: 1/8 inch

Fruit Juices: ¼ inch

Fruit: ½ inch

Jellies, Jams, Preserves: ¼ inch

Applesauce: ½ inch

Apple Butter, Fruit Butters: ¼ inch

Important Information:

Leaving the specified amount of headspace in a jar is important to assure a vacuum seal. If too little headspace is allowed, the food may expand and bubble out when air is being forced out from under the lid during processing. The bubbling food may leave a deposit on the rim of the jar or the seal of the lid and prevent the jar from sealing properly. If too much headspace is allowed, the food at the top is likely to discolor. Also, the jar may not seal properly because there will not be enough processing time to drive all the air out of the jar.
